Match Reports - Seniors

We continued our unbeaten run – which spans back to 2018 – we completed a stunning victory on the weekend over Heathmont, overcoming a 22-point deficit at three quarter time to come out eventual victors by 20 points. The win came off the back of a seven-goal to nil fourth quarter, spearheaded by Leigh Odermatt and Tim Smith (coming off a 4-goal performance against Mulgrave), who had nine goals between them and were named as their teams two best players for the match. Luke Galliot admitted he “thought it was going to be tough to find a way to win”, as Heathmont “had a really good plan” and “took risks that paid off for them”. “It’s really as simple as that they played better than us... I thought they probably deserved to win” he said of the currently winless Jets. The coaching group gave full credit to his own side for finding something in the final quarter which enabled such an incredible fightback and also said a few positional changes proved key to their increased impact on the scoreboard.” I think our forward line is clearly extremely dangerous, so we needed to create more opportunities for those guys to get one-on-ones and get the scoreboard ticking over”, he said. Asked whether he believed the performance would give his side some momentum going into Round three against a fellow undefeated side in the red-hot Boronia, Luke said that it would, however having to kick seven goals to none in the final quarter to get the win was not the ideal way to play. “(We) wouldn’t want to be relying on that too often”, he said. “I’m certain there’s stuff we’ll tweak... I think there’s some stuff we’ve identified within our group that needs to change”, he said. That comment comes after the Saints have managed 17 goals across their two 4th quarters this season, but only managed to muster nine goals in the other six quarters combined, a trend that will worry the South Belgrave hierarchy.

Match Report - Reserves

The Reserves claimed their first win of the season against Heathmont. The boys got off to great start and were playing attacking footy with run off halfback and some nice delivery into our forwards.

Our midfield was controlling play and our Defence looked very solid.

We went in at half time 5 goals up and there was considerable improvement on display compared to the previous week.

The last half was a scrappier affair with the final margin being 7 goals. Overall, it was big step forward for the group and there were great signs of what this side will be capable of with continued improvement in the coming weeks.

Best players on the day were Brody and Dan who were both dangerous up forward. Punter, Matty and Leigh played well through the middle and Danga played a great game down back, leading a very solid defence on the day.

Match Report – Under 19s

Round 2 gave us our first home game for the season which was super exciting for all the boys. In dry conditions our first quarter was reasonably even, after a few tweaks to our midfield, around stoppages we controlled the game from them on kicking 13 goals to 4. Our backs were solid, forwards lead well, and midfield were very strong around the footy. Overall great to get our first win on the board, even better on our home ground.
